"We are thrilled to be bringing the event back to Brisbane with our new festival format as South-East Queensland is home to arguably the most passionate dog lovers in the country! Dog ownership has gone up considerably since our last event

6 years ago and we can't wait to welcome all those new dog owners out there, plus it's the perfect place for anyone looking to welcome their new best friend. We expect dog lovers to attend from across Brisbane, the Gold Coast, Sunshine Coast and also interstate, all keen to celebrate their pooch, learn more about these wonderful companions and be the best pet parent they can be" said **Festival Founder, Jason Humphris**.

Visit the Adoption stands and talk directly with rescue and fostering experts who can provide trusted, reliable advice on responsible dog ownership, what is truly involved with adoption and the benefits of choosing kindness. Visitors can also meet some beautiful dogs on the adoption stands that are looking for a loving, well-suited home with details on how you can start the adoption process at the event.

The very first Cat Lovers Festival: it would be a CAT-astrophe to miss it!

To celebrate the return of the Brisbane Dog Lovers Festival, and because around 30% of dog owners also live with cats, all ticket holders will receive FREE ENTRY into the inaugural **Cat Lovers Festival** with the same ticket! That's two great Festivals for the price of one, making it one of the best value days out in Brisbane in 2024. It's the first major event dedicated to fabulous feline-friends ever held in Queensland and will be running at the same time as the Dog Lovers Festival next door all weekend.

It will be *raining dogs and cats* this 9 and 10 March at the Brisbane Convention & Exhibition Centre and organisers expect both events to sell out, so fetch your tickets now to avoid *sad puppy face* (our sour-puss) syndrome.

Please note that visitors are unable to bring their own dogs to the event for health & safety reasons, see website for full details on this policy.
